ANNOUNCEMENTS.

FOR STATE REPRESENTATIVE

We are authorized to announce

GRANT HOLLIDAY

as a candidate for Representative from the 92d Legislative District, composed of the counties of Breathitt, Lee and Magoffin, subject to the action of the Republican party.

FOR ASSESSOR

We are authorized to announce

JOHN L. STONG

as a candidate for Assessor of Breathitt county, subject to the action of the Republican party.

Theodore Roosevelt is the second President of the United States to wear on his face a monocle, only the other having been Grover Cleveland. Almost all of our presidents have worn a beard, not being as sensitive as the Sultan of Turkey, who never shaves through fear of having his throat cut by the barber.

Kentucky badly needs a weather bureau to predict "gentle rains and variable winds." It has been suffering for the past two months with an unprecedented drought, and the dust has so saturated the atmosphere that there is an epidemic of what the doctors call "dust-cough." Wheat planted weeks ago refuses to germinate, and the famous bluegrass region has turned brown and yellow. Even the men are dry and Henry Watterson has blown away to Europe "to give politicians a rest" and Jack Chinn has girded on his armor and permitted an admiring constituency to send him to the legislature.

Young man, take courage! If you are poor it is a sign that great Nature intended to give you a chance to make somebody of yourself. The next governor of the splendid state of Minnesota is a Democrat, elected by 30,000 from one of the staunchest Republican strongholds which gave Roosevelt 100,000 majority. Johnson is a washerwoman's son, and for that reason was made the victim of an acedine attack at the hands of his political opponents. This attack was bitterly resented by many in both parties and there were enough Republicans who were fond of fair play to elect the target of abuse to the governor's chair.

Correspondence.

ATHOL.

Wilburn H. Bowman passed from his earthly home in heaven, at six o'clock a. m., Thursday, Nov. 24, 1904. His sufferings for the past three weeks were intense, but at the last death came gently and relieved him of all his misery and earthly troubles. He leaves a wife and nine children, mother, two brothers, one sister and a host of relatives and friends. His hopes for the future were bright. He told his family and friends around him that there was nothing in his way and that he would go shouting and praising God. Though dead and gone, he will live for years to come in the hearts of all who knew him and all we can do to remember the virtues that he possessed and permit them to lead us to brighter and nobler things. Dearest brother, thou hast left us, And thy loss we deeply feel, But is God that hath bereft us, He can all our sorrows heal.

Breathitt instructed for Judge W. H. Blanton and Wolfe for J. R. Dohles. The convention will meet at Cane Run Friday.

No Rain For Months

The long drought, almost unbroken for the month, shows a wonderful tendency in rainfall for the month, which it has extended and unless it is broken soon farmers fear that pasture which have been in grass for many instances for 20 years will have to be re-seeded in order to insure stands of grass next spring.

Every green thing is withered and stock are suffering for want of their food of nourishment.

One of the most distressing prospects in Central Kentucky, in fact all over the State, is the prospective shortage in stock feed. The curtailment of grass by winter forces farmers to feed on their winter stored so that by the end of the winter season a serious shortage is expected with corresponding increased prices. Unless an early spring sets in the outlook is anything but inviting.

Delven in Desperation.

Living in an out of the way place remote from civilization a family is often driven to desperation in case of accident, resulting in Burns, Cuts, Wounds, Bleeds, etc. Lay in a supply of Backley's Arnica Salve. It's the best on earth. 25c at Jackson Drug Co.

Startling Evidence.

Fresh testimony in great quantity is constantly coming in declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from F. J. McFarland, Bentonville, Va., serves as example. He writes: "I had bronchitis for three years and suffered all the time with coughing and hoarseness. Then I began taking Dr. King's New Discovery and in a few bottles was wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by Jackson Drug Co. Trial bottles free, regular sizes 50c and \$1.00.

Mr. Sterling Clark.

About 30 cattle on the market. The quality was fair with quite a number of yearlings. Trade was brisk and considering lack of water and grass prices were strong. A few heavy feeders sold at \$1.50 to \$1.90, but most of sales were at \$1.25 to \$1.50. Yearlings at \$2.00 to \$2.50. Heifers at \$2.00 to \$2.50. A good crowd at the pens and a great many cattle changed hands during the day. It was a surprise to see trade so good. No grass and stock water very scarce along water ahead is enough to make most people very conservative in buying.

Mules were brisk and higher.

No real heavy ones for sale, but some 10 head mules sold at \$125 to \$180; 15c, mules \$125 to \$150; 15 head mules \$100 to \$125, small mules \$50 to \$100. Sales were brisk and a good many mules sold during the day in dealers. Horses were about as usual. The usual number of buyers looking for fine horses.

Beware of Counterfeits

"DeWitt's is the only genuine Wither Hazell Salve" writes J. L. Tucker, of Centre, Ala. "I have used it in my family for Piles, Itch and Burns for years and can recommend it to be the best Salve on the market. Every family should keep it as it is an invaluable household remedy and should always be kept on hand for immediate use." Mrs. Samuel Gage, of North Rich, N. Y., says: "I had a fever sore on my ankle for twelve years that the doctors could not cure. All the salves and blood remedies proved worthless. I could not walk for over two years. Finally I was persuaded to try DeWitt's Wither Hazell Salve which has completely cured me. It is a wonderful relief." DeWitt's Wither Hazell Salve cures without leaving a scar. Sold by M. S. Peann, Jackson, Ky.

At the Democratic primary held in Wolfe county on November 12, the following were nominated: G. T. Centers, county judge; G. B. Stamper, county attorney; Will Cox, sheriff; Robert Carroll, county clerk; Wm. Chambers, county superintendent of schools; Wm. Halsey, jailer; C. B. Allen, assessor, and Frank Samples, coroner. S. F. Albou, a former citizen of this county, was nominated for magistrate in the Campbell district and Amos Graham in the Lee City district.

Worst of all Experiences

Can anything be worse than to feel that every minute will be your last? Such was the experience of Mrs. S. H. Newman, Denture, Ala. "For three years" she writes "I endured unendurable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters and the result was miraculous. I improved at once and now I am completely recovered." For Liver, Gallbladder, Stomach and Bowel Troubles Electric Bitters is the only medicine, only safe. It's guaranteed to Jackson Drug Co.

The State Board of Health has published a circular calling attention to the fact that smallpox is again prevalent in certain sections of the state, and requesting the support of the people in checking the spread of the disease. To effect this the wholesale vaccination is recommended and the employment of the simple and practical methods known to every citizen by reason of the thorough course of instruction in this subject already given by the board.

A Severe Trying Ordeal.

Some years ago the students at the

Japanese Naval academy were accus-

ed to attend an annual banquet.

They sat at a circular table around a

slowly revolving cannon loaded with a

ball and trained to the level of their

heads. The trigger was so arranged

that it could be touched from a hidden

source outside of the banquet hall.

That at some time during the banquet

the cannon would be fired every one at

the table knew, but just when or in

what direction it would be pointing

was a mystery.

Of course there was a possibility

that the ball might crash harmlessly

between the heads of two lampreys,

but it was equally probable that it

might carry off the head of some

student. Yet no one flinched. The

chances were equal to all.

The picturesque object of destruction

revolving during the joyful hours of the

banquet, pulling from student to stu-

dent and ready at a given moment to

blow any one of them to pieces, was

considered in Japan admirable training

to steady the nerves of a fighting man.

Success.

Ancestor Worship in China.

Every Chinaman is supposed to pos-

sess three souls. One goes into the

ground at burial, one into the "an-

cestral tablet" and one into the realm

of spirits. It is partly in order to pro-

vide the last with those things which

are requisite to its well being that

ancestor worship is kept up, departed

ancestors often taking revenge on the

living for any neglect on their part

in the performance of the customary

rites for the dead by bringing some

calamity upon the household. These

"rites of the dead" are performed for

all over two years of age, with the hope

of delivering them from bad luck or

improving their condition there. They

last for periods that vary according to

the age and wealth of the deceased

for children and young people from

seven days to a month, for a middle

aged man of ordinary means from a

month to forty days.

Antiquity of the Accretion.

The oldest dated book back to

about 250 B. C. when the names of the

"comedies" of Plautus were indicated

by this ingenious device.

Clears about a hundred years later,

in his treatise "De Divisione," says:

"The verses of the slyists are distin-

guished by an arrangement which the

Greeks call acroasis. From the first

letters of each verse in order are for-

mulated words which express some particu-

lar meaning, as in the case of some

lines of Euripides, the initial letters of

which make "this Euripides wrote."

A similar device was employed in

some of the Hebrew psalms, notably in

the One Hundred and Nineteenth,

where each verse begins with the let-

ter which stands at the title of its

separate part throughout the twenty-

two divisions of the psalm.

He was a candidate for county superintendent of schools before the recent primary but was refused proper representation before the former committee. He went home and was unanimously induced by his home precinct, which shows that he stands well at home.

Born, to the wife of Floyd Day, of Winchester, Sunday night last, a handsome boy—Floyd Day, Jr. Mr. Day and wife, nee Rosa Day Kashi, have introduced five young ladies into the arena, all of whom are quite pretty samples, but the young man just introduced is the first male heir to make his appearance, and in consequence Mr. Day is said to be the proudest man in Clark county. The Hindman Settlement School of Knott county has made arrangements to have a cot placed for the exclusive use of those whom it may send to Lexington for treatment. This school is maintained by private enterprise, and the fact that it is retaining a place in the hospital in anticipation of illness among its beneficiaries is highly commendable.

A New Paper For Perry County.

The Hazard Enterprise, the new paper at Hazard came to us last week. This is the first paper every printed in Perry county. It is edited by B. P. Bowling, who is county superintendent of schools of Perry county. It is well printed and well gotten up in every way and deserves a liberal patronage by the people of Perry county, which we hope it will receive. We wish the paper and its editor much success.

A High Compliment.

On Sabbath, November 26th, the churches at Brandon and Forest, Mississippi, unanimously voted to call the Rev. W. W. Powell, of this city, to become their pastor. These are old conservative churches and their call is a high compliment to Mr. Powell's work here and at his former charge in Florida. They have never seen or heard Mr. Powell. Mr. Powell has the call under consideration but will probably remain with the Jackson church.

A New Mail Route Needed For Owsley County.

A daily mail route should be established from Tallaga to Booneville, leaving Tallaga about noon. This would enable the people of Owsley county to get their mail one day earlier than by the present route via Booneville. Let this route be established thus enabling the people of Owsley county to get the Louisville and Lexington papers the same day they are printed.

Shooting Near Clay Hole.

Henry Combs and Tom Combs shot Dock McIntosh in the face with a gun loaded with birdshot, seriously wounding him, last Monday, near Clay Hole, in this county. The cause of the difficulty is unknown. S. H. McIntosh, deputy sheriff, arrested the Combs boys and lodged them in jail here Tuesday.

Accidentally Killed.

Thomas Homshel, son of Henry Homshel, died last Tuesday from the effects of wounds received by a tree falling on him at Camp Christy on Monday. He was cutting timber for the Kentucky Lumber & Veneer Company when the tree he was cutting lodged against another one. In attempting to dislodge it a limb fell on him, breaking both legs and one arm. He was a sober and industrious young man and his untimely death is a great loss to the community.

December Weather.

A Cincinnati weather prophet of note predicts that December will be a month of storms. Sudden changes in the temperature will occur during the month from mild weather to severe cold waves in all sections of the country, and from heavy rains and sleet to snowstorms. The precipitation during December will consist principally of heavy rains turning to sleet and snow, followed by cold waves. Heavy rains over the southern and gulf states and the coasts, causing big rises in streams over the south. The rains followed by fall in temperature and cold waves, sleet and snow in many sections. Heavy rains followed by cold waves, and at times sleet and snow, over Kentucky, and rain to heavy snow over the mountain districts, causing big rises in the rivers and danger of floods.

RARE PETITION

Filed in Court of Appeals by a Zealous Attorney.

In a printed petition for rehearing lately filed in the Court of Appeals of Kentucky, the attorney (from the western part of the State) who writes the petition, makes the use of the following language, which well deserves a place in the annals of the law:

"So, I have, I think, shown conclusively that the vote of Judges Paynter and Burman should now be recorded with that of Judges Hobson and Nunn, who dissented from the majority decision in this case. And I have no more doubt that Judge Settle and O'Keefe, when their attention is called carefully to the question involved, will so decide than I have that I am sitting here at this table running this machine at a late hour when I should have been in bed and asleep long ago, and I do honestly feel that if this Court should let this opinion stand as it now is I would be tempted to take a solemn vow never to enter a court house again, for I feel known in trying to practice law for widows and crippled people without money and influence against corporations with boundless wealth and all the talent and help and facilities that wealth can command. I am often to feel more like a tramp and vagabond than a man and a gentleman anyhow. It seems to me that I am almost despised by my own self to imagine that I am up more than a single grain of sand on the seashore or a grain floating on an evening zephyr. But I must listen on and bring this brief to a conclusion, else it may break me to have it printed. My client is already broke. The up-pellant broke her by killing her husband. He was all she had, and I think I will soon be broke also unless I quit; trying to represent widows and cripples and lending them money to help them to keep body and soul together until their cases are tried a half dozen times."

Pounded Their Preacher.

To the complete surprise, but delight, of their pastor and his family, the members of the Presbyterian church and other friends, headed by Uncle Wiley Combs, gave Rev. W. W. Powell and family an old-fashioned pounding on Tuesday night of this week. The good pastor's back is still "every sore" from the pounding, but with due application of the many excellent remedies brought along by the pounders, delicious soups, breakfast bacon, ham, Irish potatoes, honey, coffee, apples and all sorts of canned and preserved fruits, etc., no doubt the pastor's family will soon be well again. Anyway, the pastor wishes to say to the friends that they may "pound" him again sometime, provided the remedy is as pleasant to take as this.

At the Republican primary held in Magellan county on November 23d, M. F. Patrick was nominated for county judge, R. C. Minix county clerk, Noah Patrick county attorney, Thomas Chaper sheriff, Charles Minix jailer, John Collier assessor, K. S. Hoskins county superintendent.

The electric light plant was sold at commissioners' sale last Monday. A Mr. Cole of New York, became the purchaser for the company at the price of \$6,000. No More Suffering

If you are troubled with indigestion get a bottle of Kodol Dyspepsia Cure and see how quickly it will cure you. Give A. Thompson, of Spencer, La., my best recommendation for twenty years. My case was almost hopeless. Kodol Dyspepsia Cure was recommended and I used a few bottles of it and it is the only thing that has relieved me. I would not be without it. I have suffered with heart palpitations and also at Chicago and even went to Norway with hopes of getting some relief. But Kodol Dyspepsia Cure is the only remedy that has done me any good, and I heartily recommend it. Every person suffering with indigestion or dyspepsia should use it. Sold by M. S.
